

I was born in 1958 in Isfahan city. I received my diploma degree in 1977 and then I got BSC and MSC degrees in geology department of Isfahan University in subject of geology and petrology, respectively in 1984 and 1992. I teach in Mining Department of Isfahan University of Technology. Because of my interesting and promotion in my job, I enrolled in Geology Department in Panjab University- India in late of 2000. Then I submitted my thesis in petrology subject in 2003 and I obtained my PhD degree in 2005.
